Resources and Materials: Guest Speakers		
Activity	Timing	Possible Roadblocks & Solutions
1. Greeting and Preparation - Instructor will welcome class and review any necessary material or homework. Instructor will remind students that guest speakers will be coming to class today to help them deepen their understanding of the job hunt in Grande Prairie and assist them in sharpening their skills. Students will work in pairs or small groups to think of questions they would like to ask two managers coming in from potential places of employment and a shift lead/team leader of a local food and beverage establishment, as after each speaker is finished their presentation, there will be a few minutes to ask questions.	30 minutes	

<p>2. Guest Speaker One - Speaker will have 15 – 20 minutes to present on their chosen topic and then 10 – 15 minutes to respond to student questions.</p>	<p>30 minutes</p>	<p>Instructor will have to monitor the timing of each guest speaker's presentation and the students' interaction with each speaker, so as to respect each guest's time and not keep any one there longer than the agreed upon limit.</p>

<p>4. Guest Speaker Three - Speaker will have 15 – 20 minutes to present on their chosen topic and then 10 – 15 minutes to respond to student questions.</p>	<p>30 minutes</p>	
<p>5. Written Response - Instructor will facilitate a take up from today's guest speakers after they have departed from the class. Students will be asked what they learned, how that fit in with or added to what they had learned in the previous few weeks of classes, how this information helps them in their approach to finding a job in GP and what they are going to do with the information they learned today. Following a brief 5-10 minute class discussion, students will be asked to write a journal entry to the above questions (which the instructor will write on the board) and to update their goals, action plans, and resumes as necessary in response to what they heard and learned today.</p>	<p>30 minutes</p>	
<p>Homework Business idioms from "Up in the air" to "white collar." Read over and write example sentences. Finish reflections on guest speakers. Update goals and resumes as needed.</p>
